[Qualitative Data Regarding Business Results]

In the pachislot and pachinko machine business, the SEGA SAMMY Group performed strongly in the pachislot machine business, posting total pachislot sales of 432 thousand units during the first three quarters of the fiscal year ending March 31, 2007. Driving this growth were sales of 340 thousand units of the "Hokuto No Ken SE" pachislot machine, whose predecessor "Hokuto No Ken" was one of the industry's top-selling models. The Group also sold 28 thousand units of the "Spider-Man 2" pachislot machine. This model has garnered a strong response for offering innovative game features as a new-format pachislot machine. In the pachinko machine business, the Group posted total sales of 118 thousand pachinko machines, but sales fell below the same period of the previous fiscal year. As for Sammy-brand pachinko machines, the Group sold 23 thousand units of the "CR-Hokuto No Ken STV" model, which enables players to easily score big winnings. The Group also sold 28 thousand

units of the “CR-Salaryman Kintaro” model, which replicates the game features of the hugely popular “Salaryman Kintaro” Rodeo-brand pachislot model.

The Group also posted a strong performance in the amusement machine sales business. “Satellite-model” product “Sangokushi Taisen 2” and a new type of medal game called “Amigyo” both remained popular.

In the amusement center operations business, overall sales rose from the same period of the previous fiscal year mainly due to the consolidation of subsidiaries, despite falling sales at existing amusement centers. Kids cards’ sales were also down year on year.

During the first three quarters of the fiscal year, 17 new amusement centers were opened in Japan, while 16 locations were closed. As a result, the Group had a total of 463 amusement centers as of December 31, 2006.

In the consumer business, videogame software sales during the first three quarters totaled 14,690 thousand copies, comprising 4,430 thousand copies in Japan and Asia, 5,690 thousand in the U.S., and 4,530 thousand in Europe. In Japan, strong selling videogame software titles included “Oshare Majo Love and Berry ~DS Collection~” and “Ryu Ga Gotoku 2” Overseas, “Sonic The Hedgehog” and other Sonic series videogame titles sold well.

The Group also performed well in content production for mobile phones and animated videos, despite soft toy sales.

As a result, the Group posted operating income of ¥75,188 million and net income of ¥49,384 million on consolidated net sales of ¥404,288 million for the first three quarters of the fiscal year.
