Operating Results and Financial Position

(1) Operating results for the six months ended September 30, 2025 (April 01, 2025 - September 30, 2025)

■ Overall highlights

For the six months ended September 30, 2025, the Group recorded net sales of ¥201,108 million, operating income of ¥10,064 million, and adjusted EBITDA of ¥15,959 million, all of which fell short of expectations.

The primary factors behind this shortfall from expectations include lower-than-expected sales of Full Game and the shortfall from expectations of Rovio Entertainment Ltd ("Rovio") in the Entertainment Contents Business. In the Pachislot & Pachinko Machines Business, the release schedule was adjusted due to the approval status for pachislot machines. In the Gaming Business, although existing operations showed a strong performance, the Group recorded losses due to factors such as the impact of incorporating the results of newly acquired companies Stakelogic B.V. ("Stakelogic") and GAN Limited ("GAN").

Both Stakelogic and GAN have a fiscal year ending in December. The balance sheets have been included in consolidation from the first quarter of the current fiscal year, while the income statements have been included in consolidation from the first half of the current fiscal year. The specific impact on the Group's full-year forecast is currently under review and will be disclosed once the review is complete.

■ Returns to shareholders

The Company regards the return of profits to shareholders as an important management issue. Under its medium-term financial strategy through the fiscal year ending March 31, 2027, the Company aims to maximize corporate value by focusing on capital efficiency. While promoting aggressive investment for growth, the Company will also provide appropriate shareholder returns. The Company returns to shareholders by dividends or share buybacks, and the total returns result in a DOE of 3% or a total return ratio of 50%, whichever is higher.

In line with this policy, the interim dividend for the fiscal year ending March 31, 2026, has been set at ¥27 per share, based on a DOE of 3% and the initial dividend forecast announced at the beginning of the fiscal year. If calculated based on a DOE of 3%, the total annual return to shareholders would be approximately ¥11.7 billion. However, based on a total return ratio of 50%, and assuming net income attributable to owners of the parent of ¥37.5 billion as forecasted, the total annual return would amount to approximately ¥18.7 billion. Accordingly, the actual year-end amount of the total return to shareholders and its return method possibly changes by the progress of business performance of the Group.

■ Highlights by segment

《 Entertainment Contents 》

For the six months ended September 30, 2025, overall performance was below expectations, due to lower-than-expected sales of Full Game and the shortfall from expectations of Rovio in the Consumer area. Several new titles were launched in the Consumer area, including "Sonic Racing: CrossWorlds" (released on September 25, 2025). Licensing revenue remained steady compared to the expectations and showed a growth compared to the same period of the prior fiscal year. In addition, revenue from subscription services and DLC exceeded expectations.

In the Animation area, the Group recorded distribution income from "Detective Conan : One-Eyed Flashback" and the first and second "Sonic" series films.

Going forward, in the Consumer area, the Group plans to release new titles leveraging its mainstay IPs, including "Football Manager 26" (released on November 5, 2025) and "Yakuza Kiwami 3 & Dark Ties" (scheduled for release on February 12, 2026) as Full Game titles, as well as "Sonic Rumble", a F2P title. The Group will continue to strengthen sales of both new and existing Full Game titles, particularly during this holiday season. Furthermore, the Group will strive to return to a growth trajectory by enhancing the operations of Rovio's "Angry Birds 2" and pursuing other strategic initiatives.

In the Animation area, in addition to continued distribution income from the first and second "Sonic" series films, the Group expects to generate revenue from the domestic and international rollout of animation works based on popular manga and novels.

In the AM&TOY area, the Group will continue to focus on sales centered on the prize category.

《 Pachislot & Pachinko Machines 》

For the six months ended September 30, 2025, the release schedule was adjusted due to the approval status for pachislot machines. Despite this, the Group launched "Smart Pachislot Tokyo Revengers" for pachislot and "e Tokyo Revengers" for pachinko, both of which achieved sales over the expectations.

Going forward, starting from the third quarter, the Group plans to release new titles centered on "Hokuto No Ken" series. Key upcoming titles include "Smart Pachislot Bakemonogatari" (scheduled for December 2025) and "Smart Pachislot Hokuto No Ken Chapter of Resurrection 2" (scheduled for January 2026) for pachislot, and "e Hokuto No Ken 11 Bokyosei" (scheduled for December 2025) for pachinko.

While the overall approval status of pachislot machines remains low in the pachislot and pachinko machines market, the Group is steadily making progress in obtaining approvals. The Group will continue striving to secure approvals for planned titles and remain committed to uncompromising development to deliver products that meet user expectations.

《 Gaming 》

For the six months ended September 30, 2025, sales of gaming equipment remained strong. In particular, "Railroad RICHES[™]" and "Super Burst[™]" series continued to perform well in terms of utilization, and contributed to solid sales growth. Following the completion of the acquisitions of Stakelogic and GAN, the Group recorded expenses related to M&A activities in the first quarter of the current fiscal year. From the first half of the current fiscal year, the income statements of Stakelogic and GAN have been consolidated, and expenses related to goodwill amortization as operating expenses and business restructuring costs as extraordinary losses have been recorded.

In "PARADISE CITY" in South Korea, casino sales remained strong with the drop amount (purchased amount of chips by customers at the table) of Japanese VIP maintained at a high level, which contributed to sales growth through equity-method earnings.

* Stakelogic, GAN and PARADISE SEGASAMMY Co., Ltd. are posted 3 months delay due to the fiscal year ending in December.

Going forward, in gaming equipment sales, the Group plans to continue selling well-performing existing titles, primarily in the North American market. In addition, the Group is preparing to launch new titles compatible with the newly developed slim cabinet "GENESIS NOVA[™]", which offers improved installation efficiency. As the first step in this roll out, "Railroad RICHES Link[™]" series has already been installed. For Stakelogic and GAN, the Group is formulating and executing business revitalization programs, with the goal of expanding operations and improving profitability. The impact on the full-year forecast is currently under review and will be disclosed once the review is complete.

For "PARADISE CITY", both the drop amount and hotel occupancy rate in August reached all-time highs. The Group expects to contribute to profits through equity-method earnings driven by continued strong casino sales, centered on Japanese VIP and mass customers.

(2) Financial positions as of September 30, 2025

(Assets and liabilities)

Total assets as of the end of the six months ended September 30, 2025 increased by ¥3,295 million from the end of the prior fiscal year to ¥648,072 million.

Current assets decreased by ¥31,981 million from the end of the prior fiscal year. This was attributable to a decrease in cash and deposits, and other factors, despite an increase in merchandise and goods.

Noncurrent assets increased by ¥35,277 million from the end of the prior fiscal year. This was attributable to increases in goodwill and other factors resulting from the acquisitions of Stakelogic and GAN.

Total liabilities as of the end of the six months ended September 30, 2025 increased by ¥6,328 million from the end of the prior fiscal year to ¥269,501 million. This was attributable to an increase in notes and accounts payable, as well as the inclusion of liabilities from Stakelogic and GAN, and other factors, despite decreases in provision for bonuses and long-term borrowings.

(Net assets)

Net assets as of the end of the six months ended September 30, 2025 decreased by ¥3,033 million from the end of the prior fiscal year to ¥378,571 million. This was attributable to decreases in shareholders' equity by acquisition of treasury stock and paying cash dividends, despite recording of profit attributable to owners of parent and an increase in foreign currency translation reserve.

(Financial ratio)

The current ratio at the end of the six months ended September 30, 2025 decreased by 50.8 percentage points from the end of the prior fiscal year to 362.0%.

The equity ratio at the end of the six months ended September 30, 2025 decreased by 0.7 percentage points from the end of the prior fiscal year to 58.4%.

(3) Forecast of Consolidated Operating Results

No changes will be made to the forecast of consolidated financial results for the fiscal year ending March 31, 2026, announced on May 12, 2025.

[Notes]

(Notes on assumptions for going concern)

Not applicable.

(Notes on significant changes in shareholders' equity)

At the Board of Directors meeting held on May 12, 2025, the Company resolved to retire 20,000,000 shares of treasury stock pursuant to Article 178 of the Companies Act, and completed the retirement on May 23, 2025. As a result, capital surplus and treasury stock each decreased by ¥39,738 million in the first half of the fiscal year ending March 31, 2026.

Furthermore, at the same board meeting, the Company resolved to acquire treasury stock pursuant to Article 156 of the Companies Act as applied by replacing terms under Article 165, Paragraph 3. Based on this resolution, the Company acquired 3,818,600 shares of common stock for ¥11,999 million through market purchases on the Tokyo Stock Exchange during the first half of the fiscal year ending March 31, 2026.

(Special accounting treatment applied in preparing semi-annual consolidated financial statements)

(Tax expense calculation)

Taxes are calculated by reasonably estimating the effective tax rate after application of tax effect accounting to income before income taxes for the fiscal year and multiplying the income before income taxes by such estimated effective tax rate. However, a legally designated effective tax rate will be applied if such tax expenses are found to be very unreasonable after calculation based on the relevant estimated effective tax rate.
