# 《 Gaming 》

For the nine months ended December 31, 2025, although the existing businesses, including gaming equipment sales and "PARADISE CITY", continued to show a strong performance, the Group recorded a loss due to the consolidation of the financial results of GAN Limited ("GAN") and Stakelogic B.V. ("Stakelogic"), both of which were acquired during the current fiscal year. ## **(2) Financial positions as of December 31, 2025**

(Assets and liabilities)

Total assets as of December 31, 2025 decreased by ¥4,302 million from the end of the prior fiscal year to ¥640,474 million.

Current assets decreased by ¥5,583 million from the end of the prior fiscal year. This was mainly attributable to a decrease in cash and deposits, despite increases in notes and accounts receivable and merchandise and finished goods.

Noncurrent assets increased by ¥1,280 million from the end of the prior fiscal year. This was mainly attributable to increases in goodwill resulting from the inclusion of Stakelogic and GAN in the scope of consolidation, among other factors, despite an impairment of intangible assets such as goodwill and trademark rights related to Rovio and a decrease in investments in capital due to the recoupment of production investment.

Total liabilities as of December 31, 2025 increased by ¥16,683 million from the end of the prior fiscal year to ¥279,856 million. This was mainly attributable to increases in contract liabilities and notes and accounts payable, as well as the inclusion of liabilities from Stakelogic and GAN, despite decreases in provision for bonuses and long-term borrowings.

(Net assets)

Net assets as of December 31, 2025 decreased by ¥20,986 million from the end of the prior fiscal year to ¥360,618 million. This was mainly attributable to recording of loss attributable to owners of parent and decreases in shareholders' equity by acquisition of treasury stock and cash dividend, despite an increase of foreign currency translation reserve.

(Financial ratio)

The current ratio as of December 31, 2025 decreased by 62.1 percentage points from the end of the prior fiscal year to 350.7%.

(Acquisition of treasury stock)

At the Board of Directors meeting held on February 13, 2026, the Company resolved on matters pertaining to the acquisition of treasury stock pursuant to Article 156 of the Companies Act as applied by replacing terms under Article 165, Paragraph 3.

(1) Rationale for the acquisition of treasury stock

The Group is committed to maximizing corporate value by focusing on capital efficiency. As part of these initiatives, the Group has formulated a capital allocation policy and has been allocating capital to growth investments and shareholder returns. In accordance with this policy, in the Consumer area, which the Group positions as a growth business, the Group has pursued business expansion through organic investments such as game development, as well as through the acquisition of Rovio. Furthermore, in the Gaming Business, which the Group has established as the third business pillar, the Group has reinforced the business foundation through acquisitions including GAN and Stakelogic.

However, as announced on February 13, 2026, in the "Notice of Recording of Extraordinary Losses (Impairment Losses) and Revision of Operating Results Forecast", impairment losses on goodwill and other intangible assets related to Rovio were recognized in the financial results for the third quarter of the current fiscal year. In addition, Stakelogic is now expected to fall short of securing the revenue initially anticipated. In light of these developments, the Group has decided to revise the capital allocation policy and suspend large-scale M&A activities for the time being. Consequently, the Group will reallocate the funds previously reserved for such M&A activities and has resolved to implement the acquisitions of treasury stock totaling ¥20.0 billion. The shares acquired pursuant to this resolution will be retired following the completion of the acquisition, with the specific details to be determined by a subsequent resolution of the Board of Directors.
