The Future Captivating Experiences Create

SEGA SAMMY is a comprehensive group of entertainment companies created through the management integration in 2004 of game publisher SEGA and pachislot and pachinko machine manufacturer Sammy. Holding to our mission and purpose of “Captivate the World -Making Life More Colorful-,” we currently provide a broad field of entertainment centered around three businesses: entertainment contents, pachislot and pachinko machines and gaming.

The entertainment business that we engage in, a so-called “peace industry,” requires the world be at peace for our products and services to be consumed. For example, when major disasters strike or tension increases due to conflict and division in the world, the first things that people seek out are material necessities, including food, clothing and shelter, as well as physical and psychological safety. They are not in a position to enjoy entertainment. In such circumstances the value of the very existence of our business, being considered non-essential and non-urgent, has been questioned.

However, when people’s safety is assured, the things they need next are joy, excitement and comfort. Thus far, when we faced difficulties or hit walls, we found daily solace and the vigor to meet tomorrow through the captivating experiences that entertainment creates. Too, in those moments when we have been moved with family, friends and colleagues—when was created—the power of those captivating experiences is multiplied exponentially, and at times this has even transformed society. Entertainment does not simply enliven the spirit and inspire optimism, but it also has an unfathomed capacity to put society and the future on a positive trajectory.

While entertainment is certainly not essential to people’s survival, it does make their lives more colorful. It is our desire to invigorate and enliven society by creating both captivating experiences and resonance through the products and services we provide. It is also our hope that someday we can build a peaceful world through the entertainment we offer. Together as a group, we will continue to dedicate ourselves to creating captivating experiences that we may continue to fulfill a valued role in society through entertainment.

Chairman and Group CEO,
Representative Director

Haruki Satomi

The SEGA SAMMY Group has defined for itself a value, mission/purpose and vision, which comprise the unchanging components of its mindset and DNA.

The value that guides us, and the most important aspect of our mindset and DNA, is the combined company mottoes of SEGA and Sammy. SEGA, with its motto of “Creativity is Genesis,” has produced numerous captivating experiences based on innovative ideas, while Sammy’s motto, “Always Proactive, Always Pioneering,” embodies a company that has taken difficult challenges head on and persevered even in times of adversity.

As a comprehensive entertainment company, we will continue to offer customers the entertainment they want in order to remain a presence desired by society. We will achieve this by carrying out our business activities with the goal of constantly creating captivating experiences and becoming a “Game Changer” that evokes excitement in people.
